Case No. ~~1:18-CV-00566-LM~~ ERROR MK

v.
Dusseault Family Revocable Trust
Defendant(s) of 2017 et al

MOTION TO/FOR

For extension on jury trial proceedings
until all pending matters are ruled on

I would like to save the court the cost of a jury trial if at all possible and I am unsure that I can prepare for trial adequately when there are still matters pending without a ruling. I look to the courts rulings as a guide as how to proceed as a pro-se litigant with no formal legal training. Without the courts input as how to proceed I fear I will make errors. I apologize for not being up to speed on the submission deadlines as so much time has passed, I am still embroiled in custody litigation, and dealing with some health complications besides and would appreciate any consideration from the court in this regard. I have a medical

(Attach additional sheets if necessary)

1924

procedure scheduled for 10/5/21 that requires sedation. Under the circumstances I feel it is best to ask for a continuance any consideration from the court pertaining to this matter is greatly appreciated.

Thank you,
Sincerely,
Margaret Fries

Please Note: We wish to inform you that a service dog may be present in some areas of our facility.
If you have any concerns or questions, please contact us at 508-425-5446.

Endoscopy Instructions

An appointment has been made for you to have a endoscopy performed,

with Dr Kelfer

on Tuesday 10/5/21 at the Endoscopy Center at 1:00 ☐ am ☒ pm.

You should arrive at the facility at 12:00 ☐ am ☒ pm, approximately 1 hour prior to your scheduled procedure, and expect to be ready to be brought home about 2-3 hours after your appointment.

Please bring your Health Insurance card and a photo ID with you on the day of the procedure. If you have any insurance changes, please notify our office.

PREPARATION REQUIRED

For the best possible examination, the stomach should be completely empty, so you should have nothing to eat after 11:00 pm the evening before. Clear liquids are allowed up until 6 hours prior to the procedure. Clear liquids include: Jell-O®, any color except **RED**, clear broth only, clear (no Red Dye) 100% juice, apple, grape, cranberry, popsicles, soda, Gatorade®, hard candy, water, ice, tea, coffee, or decaffeinated coffee (no milk or cream or non- dairy creamer).

Be sure to let your physician know if you are allergic to any drugs. A companion must accompany you to the examination as you will be given medication that will make you drowsy, so you will need someone to take you home. You will not be allowed to drive after the procedure. Even though you may not feel tired, your judgment and reflexes may not be normal. If you have any x-rays please bring them with you as well as a list of your current medications.

MEDICATION INSTRUCTIONS

Please continue to take all prescribed medications including those for blood pressure, heart, or respiratory conditions on the day of the procedure with a small amount of water. Aspirin, Plavix®, Coumadin, Predaxa® and other blood thinners/anticoagulation medications are typically continued prior to your examination unless otherwise advised by your primary care physician/gastroenterologist. Please call the office if you are unsure as to whether you should withhold any of these medications. If you have diabetes and currently take insulin or diabetic medicine, please check with your primary care physician or diabetic physician for instructions. Bring any inhalers with you as well.

ABOUT THE PROCEDURE

The doctor will give you a mild sedative intravenously just before the procedure, to help you relax. A thin flexible tube, called an endoscope will be passed through the mouth and back of the throat and into the upper digestive tract. This will allow the physician to examine the lining of the esophagus, stomach, and the duodenum (the first portion of the small intestine). This tube is thinner than most foods you swallow. Biopsies may be taken for different reasons and do not necessarily imply cancer.

Endoscopy is more accurate than an x-ray in detecting any gastric (stomach) and duodenal ulcers, especially when there is bleeding or scarring from a previous ulcer. Endoscopy is an extremely worthwhile and safe procedure which is very well tolerated and invaluable in the diagnosis and proper management of disorders of the upper digestive tract.

MEMORANDUM OF LAW

Pursuant to LR 7.1(a)(2), every motion shall be accompanied by a memorandum with citations to supporting authorities or a statement explaining why a memorandum is unnecessary.

- ☐ I have attached a supporting memorandum of law to this motion.
- ☒ I have NOT attached a memorandum of law because none is required (explain your reasoning below).

I am asking for an extension until pending matters are ruled on this is at the discretion of the court therefore no memorandum is required

CONCURRENCES SOUGHT

Pursuant to LR 7.1(c), any party filing a motion other than a dispositive motion (a dispositive motion seeks an order disposing of one or more claims in favor of the moving party, for example, a motion to dismiss or a motion for summary judgment) shall certify to the court that a good faith attempt has been made to obtain concurrence/agreement in the relief sought. If concurrence is obtained, the moving party shall so note.

I certify the following (choose one):

- ☐ All parties have assented/agreed to this motion.
- ☒ I made a good faith attempt, but was unable to successfully obtain concurrence/agreement from all parties.
- ☐ I have NOT attempted to obtain concurrence/agreement because it is not required.

Endoscopy is more accurate than an x-ray in detecting any gastric (stomach) and duodenal ulcers, especially when there is bleeding or scarring from a previous ulcer. Endoscopy is an extremely worthwhile and safe procedure which is very well tolerated and invaluable in the diagnosis and proper management of disorders of the upper digestive tract.

AFTER THE PROCEDURE

You may experience a sore throat for a couple of hours and some mild bloating due to the air that was introduced to examine your stomach.

You will be able to resume your diet after the procedure unless you are instructed otherwise.

The first 24 hours after the procedure

- You may experience dizziness, light-headedness or sleepiness after the procedure due to the sedative medication you received
- You are advised not to stay alone
- You should not drive, operate machinery or power tools or drink alcoholic beverages including beer and wine.
- Do not sign any legal documents or make any important decisions until the day after the procedure.

Please Note: Since you are going to be sedated, please make arrangements for someone to drive you home approximately 2 hours after you arrive. Patients that do not have an adult to accompany them home **WILL NOT** be able to undergo the procedure if sedation is used. If you decide to use a taxi you will still need to be accompanied to your destination with another adult. An adult must accompany you into your home. You cannot drive until the day after the procedure. The whole procedure takes about 30 minutes, but please be prepared to spend at least 2-3 hours with us.

From Points North:

Take I-190 South until it merges into I-290 West. Follow I-290 West toward Auburn. Take Exit 9 (Auburn St./Auburn). There is a stoplight at the end of the ramp. At the stoplight, turn left onto Auburn St. After you go through the 4-way intersection, you will see the Auburn Mall on the right. Take a right onto Brotherton Way (across from the pizza place) and then into the mall parking lot.

From Points South:

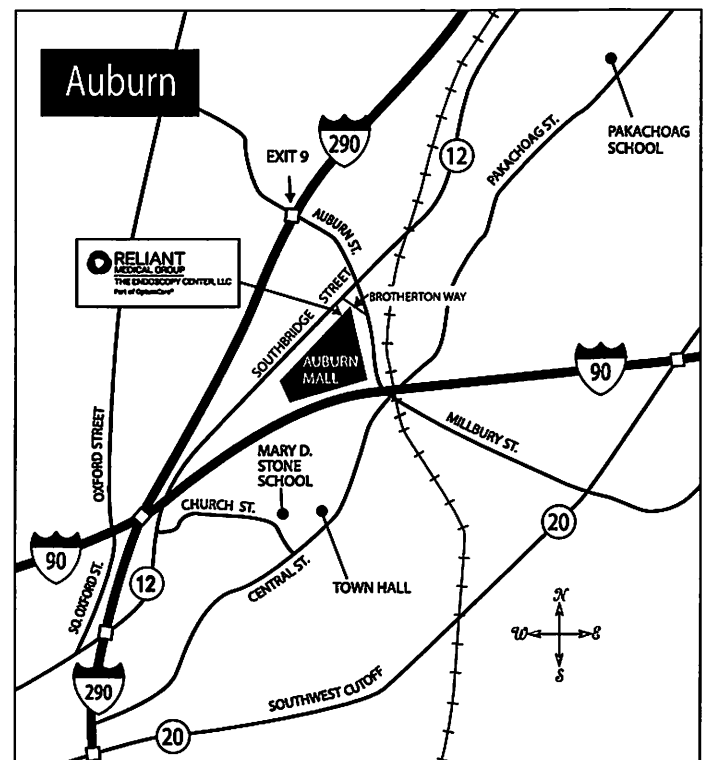

Take I-395 North toward Oxford/Worcester. I-395 North becomes I-290 East. Take Exit 9 (Swanson Road/Auburn). At the end of the ramp, take a right onto Swanson Rd. You will come to a stoplight. Go straight through this light and follow to the next stoplight and take a right onto Auburn St. After you go through the 4-way intersection, you will see the Auburn Mall on the right. Take a right onto Brotherton Way (across from the pizza place) and then into the mall parking lot.

From Points East:

Follow I-290 West toward Auburn. Take Exit 9 (Auburn St./Auburn). There is a stoplight at the end of the ramp. At the stoplight, turn left onto Auburn St. and head toward Auburn Center. After you go through the 4-way intersection, you will see the Auburn Mall on the right. Take a right onto Brotherton Way (across from the pizza place) and then into the mall parking lot on the left).

From Points West:

Take the Mass Pike East toward Boston. Then take Exit 10 (Auburn) and merge onto I-290 East via the exit on the left toward Worcester. From I-290 East take Exit 9 (Swanson Rd./Auburn). At the end of the ramp, take a right onto Swanson Rd. You will come to a stoplight. Go straight through this light and follow to the next stoplight and take a right onto Auburn St. After you go through the 4-way intersection, you will see the Auburn Mall on the right. Take a right onto Brotherton Way (across from the pizza place) and then into the mall parking lot.
